

Water for all

Abida's community, with assistance from change agents, has been transformed from one without enough safe water, to one with sustainable access to safe water for all. Zalifa's community has yet to begin this journey of change.

Water for All video/DVD watch

- 1. Before you watch the video/DVD**
 - ▶ Choose either paragraph topic #1 or #2.

 - ▶ Write your paragraph following the *Tips for writing a good paragraph*.

- ### Paragraph topics

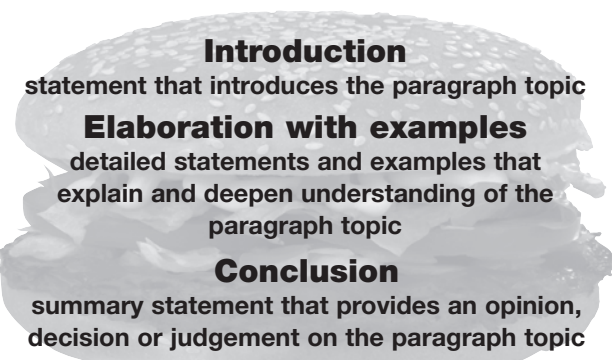

#1 Describe the significance of water places to people in the communities where Abida and Zalifa live.

#2 Managing water resources in a sustainable way, for both people and the environment, is possible.

1

Tips for writing a good paragraph

A good paragraph is like a hamburger. It has three parts.

Introduction
statement that introduces the paragraph topic

Elaboration with examples
detailed statements and examples that explain and deepen understanding of the paragraph topic

Conclusion
summary statement that provides an opinion, decision or judgement on the paragraph topic

Example note-taking page #1

- Access to water places in Abida's community (past / present / future)
- Consequences of access for Abida / others in their daily lives
- Access to water places in Zalifa's community (past / present / future)
- Consequences of access for Zalifa / others in their daily lives
- Significance of water places to Abida / Zalifa's communities

Example note-taking page #2

- Challenges Abida's community face managing water resources (past / present / future)
- Methods Abida's community use to make sustainable management of water resources possible
